Professional Summary

Mindy's practice focuses on internet and intellectual property litigation. She litigates cutting-edge cases at the intersection of technology and free speech issues. She defends internet companies against defamation, copyright, trademark and related claims on First Amendment, Communications Decency Act Section 230, DMCA and US SPEECH Act grounds. She also helps clients resolve disputes involving trade secret, patent, trademark, copyright, computer fraud and non-compete agreement litigation.

Mindy works closely with clients to resolve disputes quickly and efficiently when litigation is not in their strategic interests. When early resolution is not possible, she is a zealous and professional advocate with jury trial experience. Mindy is admitted to practice before the United States Supreme Court, the United States Court of Appeal, Ninth and Federal Circuits, and the United States District Court, Northern, Central, Eastern and Southern Districts of California and Southern and Eastern Districts of New York.
