### Professional Summary

Patric J. Rawlins is Chair of Procopio's [Software Practice Group](#) and Team Leader for the [Intellectual Property Team](#). He counsels clients on many aspects of intellectual property law, including patent litigation as both plaintiff and defendant, as well as intellectual property counseling to protect patents, trademarks, copyrights, trade secrets and licensing of intellectual property assets. Patric's practice focuses on counseling clients regarding intellectual property including procurement strategies and licensing programs for software implemented technologies. He has extensive experience with strategic patent matters including accelerated patent applications, post grant patent matters including *ex parte* patent reexaminations, *inter partes* patent reexaminations, reissue patent applications and interferences. Patric is licensed to practice before the Court of Appeals for the Federal Circuit and the U.S. District Courts for the Central and Southern Districts of California, and the Northern District of Illinois and has briefed and argued patent and trademark prosecution appeals before the United States Patent Office Patent Trial and Appeal Board and the United States Court of Appeals for the Federal Circuit.

## Representative Matters

- Successfully handled post grant patent invalidation matters including prosecution before the Central Reexamination Unit, briefing and argument before the USPTO Patent Trial and Appeal Board, and briefing and argument before the Federal Circuit.
- Assist in-house counsel to develop and implement strategic plan for global patent protection of core technology in the US, Europe and Asia.
- Prepared, prosecuted and obtained significant patents in the digital pathology, mesh networking, wireless communications, web analytics and other fields.
- Prepared, filed and prosecuted accelerated patent application resulting in a notice of allowance within thirty days of filing the application and grant of the US patent in under four months.
- Prepared and filed numerous successful *ex parte* reexamination requests of competitor patents resulting in strategic delay of potential litigation and establishing intervening rights for client.
- Handled *ex parte* reexamination of client patent asserted in litigation resulting in certification of the originally patented claims and substantial settlement of related litigation.
- Prepared, filed and successfully prosecuted post grant invalidity attack of US patent asserted against client resulting in final rejection and non-certification of originally patented claims and favorable settlement terms for client in related litigation.
- Handled post grant *inter partes* reexamination of client patents asserted in litigation resulting in certified claims that read on competitor products.
- Handled post grant opposition of client's European patent in European Patent Office resulting in confirmed claims that read on competitor products.
- Prosecuted reissue patent applications to obtain reissue patent for client including original claims and new claims reading on competitor products.
- Analyzed client accused products in view of competitor asserted patents and prepared non-infringement opinion letter; successfully defended the opinion letter during deposition by opposing counsel in related litigation resulting in very favorable settlement for client.
- Represented defendant in patent infringement lawsuit relating to digital pathology technology resulting in a substantial victory for client and license to extensive patent portfolio.
- Represented plaintiff/counter-defendant in related patent infringement lawsuits in the field of PC

Card technology.

- Defended trade secret misappropriation lawsuit resulting in complete dismissal by plaintiff.
