Professional Summary

Peter's practice primarily focuses on patent and trademark counseling, procurement, strategy planning and litigation support. He has drafted, filed and prosecuted hundreds of US and foreign patent applications with an emphasis on electrical and mechanical arts.

Throughout the years, Peter has gained a wide spectrum of technical knowledge related to wireless communications (e.g., 5G NR, 4G LTE), consumer electronics, electronic systems, mobile applications, mechanical devices, computer architectures, gaming devices and automobile accessories. Peter utilizes his skills and knowledge to advise and assist clients in all aspects of IP matters which include securing and enforcing IP rights. Peter also provides extensive and wide support for patent litigation, which includes preparing infringement and invalidity claim charts and analysis, performing prior art searches and providing client strategic consultation.
